## CAREER OBJECTIVE

---

Having spent my life in New York, I have used my time to bring visually aesthetic, responsive, and accessible websites to my community. After starting at Geometrics, I have developed a strong ethics and passion for web design. Excited to pursue new companies to grow my skills while facilitating the empowerment and vocalization of marginalized communities.

## WORK EXPERIENCE

---

### Web Developer

#### Geometrics

📅 June 2021 - present

📍 New York, NY

- Monitored, created, and populated status sheets with lead designer and project manager.
- Engaged in 100+ hours of WordPress training and PHP crash course with lead designer.
- Collaborated with designers and performance team on designing updates to sites and blogs, improving user experience by 51%.
- Briefed development team on website research, and made suggestions for website builds/products.
- Participated in stand-ups 2 times a month, where team leaders would review, assign, and coach team members.

## PROJECTS

---

### Store Locator

#### Creator, Designer, Developer

📅 May 2019 - June 2019

- Incorporated API calls to several websites to determine stores in a given location across the U.S.
- Built responsive, accessible, and dynamic web pages to enable users to easily navigate site.
- Used plotly to create visually aesthetic graphs and charts to display data results.
